ADVANCE EDUCATIONAL ATTAINMENT

Mason County Promise

With our support the Mason County Promise was launched in 2018 and is in its fourth year of providing funding for Mason County graduates to attend West Shore Community College and earn up to 72 credits. Over 420 students have utilized the Promise to support their education.

IMPROVE WORKFORCE SUPPORTS

Affordable Housing

Mason County lacks a county-wide perspective on housing development needs. With the convening of local leaders, we will invest in a housing needs assessment. This will provide data to prioritize residential development and ensure that everyone has safe, affordable housing.

INCREASE RECREATION AND QUALITY OF LIFE

Youth Opportunities

There are many opportunities in our area for children to learn and grow from LACA after school art classes and interactive exhibits at Sandcastles Children's Museum, to career exploration at West Shore Community College. Our investment in these opportunities help build a more vibrant community with opportunities for all.

FIELD OF INTEREST

Transportation

Transportation can be a barrier to health and wellness for many in our community. The Community Foundation provided seed funding to pilot the Rides to Wellness Program. This program provides transportation, through Ludington Mass Transit Authority, for seniors and residents with disabilities to non-emergency medical appointments in Mason County.
