Supporting education is an investment in the future, and the Community Foundation for Mason County has many opportunities where you can make a difference.

Scholarship Funds

The Foundation administers more than 29 funds and awards over \$235,000 in scholarships each year, making higher education more accessible to Mason County youth. Supporting scholarships is easy. Visit our website and give online at www.mason-foundation.org/give-now.

Named Scholarship Funds

- Start your own scholarship fund with a gift of \$25,000 or more. Or “save up” for one over five years by starting a Build A Fund with a minimum of \$5,000.
- Establish preferences to determine who is eligible or leave it to us to determine where your award will fill the greatest need and make the most impact.
- Rely on our expertise to handle all of the details! Students complete one online application to be in the running for all of our scholarships. Internal review helps us match students with available awards. Finally, we make payments directly to the college or institution and monitor student achievement.

More ways to support education

KickStart to Career Mason County, Mason County Promise, teacher mini-grants, education or athletic foundations, early education initiatives, adult literacy...there are countless ways to expand the learning opportunities in our community. We are here to help you have the impact you desire!
